

AGGIE AIR DANCER INSTRUCTIONS

STEP 1 Check to make sure you have your Aggie Air Dancer and blower.

STEP 2 Remove your Aggie Air Dancer from carrying case and lay out on the ground.

STEP 3 Snuggly attach your Aggie Air Dancer around the Velcro mounts on the blower.

STEP 4 Make sure wheels are locked and blower is placed on a stable, dry surface.

STEP 5 Plug blower in to a standard outlet (110v). Blower comes with 8ft electrical cord.

STEP 6 Turn power switch on. Adjust speed of blower using 1 of 3 speed settings. The speed setting will affect how much your Aggie Air Dancer moves.

STEP 7 Step back and enjoy your Aggie Air Dancer!
